15,000 MEMBERS IN LEAGUE OF WOMEN WORKERS. Miss Hamilton, National Secretary, Guest of Norwich Friends.

PERSONAL

Mrs. J. B. Clapp of Pomfret Landing recently visited relatives in Norwich.

Miss Cunningham of Litchfield spent the week end with friends in Norwich.

Mrs. Fred Burton has returned to her home in Ledyard after a visit to Mystic friends.

Misses Desire and Daisy Crandall have returned to Center Groton after a stay in Norwich.

Mrs. William Phillips has returned to Norwich after visiting Mrs. J. Hunt Stearns in New London.

Mr. and Mrs. Allen Bogie visited Mr. and Mrs. William Brerly at Balloville early in the week.

Miss Annie Solotoff of Norwich has entered the employ of the Niantic Manufacturing company.

Mrs. George E. Knowles of New York has opened her summer home, Brezmore, at Quaker Hill for the season.

Mrs. H. E. Hawkins and son Henry of West Gloucester visited with Mr. and Mrs. Walter Busby of Norwich.

William Patterson of Noank has gone to Springfield, Mass. where he will be employed in remodeling the home of Mr. and Mrs. Erasmus Rogers, formerly of Noank.

Mr. and Mrs. Daniel J. Daly, who were married in Norwich Monday, and have been on a honeymoon trip since, will return Saturday and occupy their home on Windrop street, New London.

15,000 MEMBERS IN LEAGUE OF WOMEN WORKERS. Miss Hamilton, National Secretary, Guest of Norwich Friends.

With 15,000 girls in its membership, the National League of Women Workers, whose secretary, Miss Jean Hamilton, is the guest of Norwich friends, in an organization which can show an immense amount of beautiful work in its 14 years of existence and an ever growing extension of endeavor in each year.

In speaking Thursday evening of the work of the league, Miss Hamilton referred to the record of gain which the league can show for the past year, in which 30 new clubs were started, bringing the total enrollment of clubs up to 140 and about 2,500 new members joined in the past year.

With headquarters in New York, the league stretches in its membership from Augusta, Me., to Baltimore, Md., and extends as far west as Cleveland, Ohio. It has its organization primarily for providing wholesome social opportunities for its members, but it also has educational classes and develops the girls through requiring of them the execution of their individual clubs. It is of the work of the league which Miss Hamilton will speak when she addresses the women of Norwich at the meeting of the league, this morning.

Touching upon the work of special clubs, it is shown how great a benefit has been derived from the body of clubs that comes to them through affiliation with all their sister clubs of the league.

Charles H. Frye of Jewett City and Miss May Butler Moore were united in marriage here on Thursday evening, the ceremony being performed at 7 o'clock by Rev. Hugh Treanor of St. Patrick's church at the parsonage residence on Broadway. The bride made a charming appearance in a tailor-made suit of blue and white with black picture hat, and was attended by Miss Mary Kane, the bridesmaid wearing a suit of white, white, white, white and a black picture hat. The best man was John Sharkey.

After the ceremony a wedding supper was served at the residence of the bride's parents, Mr. and Mrs. W. T. Moore, of No. 97 School street, until relatives and a few intimate friends attending. Mr. and Mrs. Frye left in an automobile during the evening for a wedding tour and upon their return will reside in Jewett City. Mr. Frye is a foreman in the Aspinlock bleaching and dyeing works, and his bride has a large circle of friends, who remembered the happy couple with many gifts, including a large number of silver pieces.

Raub Bankruptcy Hearing. Thursday morning in New London there was a hearing and presentation of claims in the bankruptcy case of Charles B. Raub before Bankruptcy Referee Amos A. Browning. The applicant, Raub, had been appointed trustee under bonds of \$3,000.

At Polk's Theater. Durieux Minstrels made a big hit at Polk's theater and was enthusiastically received. The manager, Barker, has decided to repeat it Monday night. The feature caught the audience and rounded out an evening of much enjoyment, together with the reels of excellent pictures.

Not Recommended. Mexican silver dollars are quoted at 47. Mr. Bran is not recommended as campaign buttons—St. Louis Globe-Democrat.

COFFEE HURTS. One in Three. It is difficult to make people believe that tea and coffee are a poison to at least one person out of every three, but people are slowly finding it out, although thousands of them suffer terribly before they discover the fact.

A New York hotel man says: "Each time I suffer drinking coffee I become restless, nervous and excited. So I was unable to sit five minutes in one place, was also inclined to vomit and suffered from loss of sleep, which got worse and worse."

"A lady said that perhaps coffee was the cause of her trouble, and suggested that I try Postum. I laughed at the thought that coffee hurt me, but she insisted so hard that I finally had some Postum made. I have been using it in place of coffee ever since. I noticed that all my former nervousness and irritation disappeared. I began to sleep perfectly, and the Postum tasted as good or better than the old coffee, so what was the use of sticking to a beverage that was injuring me?"

"One day on an excursion up to the country I remarked to a young lady friend on her greatly improved appearance. She explained that some time before she had quit using coffee and taken Postum. She had gained a number of pounds, her complexion was clear, her hands and legs no longer trembled, and all disagreeable feelings had disappeared. She recommended me to quit coffee and take Postum and was very much surprised to find that I had already made the change."

"She said her brother had also received great benefits from leaving off coffee and taking on Postum." "There's a reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

Asks for Cheaper Light at Mystic. The public utilities commission has called a hearing on the petition on April 24, at 11:15 a. m., on the petition of Mrs. Burnet, a New York mill owner, who has a summer residence in Mystic, asking for a reduction of rates for electricity for her home.

Mrs. Burnet maintains that the company has failed and refused to furnish the power at reasonable rates.

Allen for Trial in New London. When Ross C. Allen finishes serving his sentence which he will receive for burglary at the New London jail on Sunday morning, he will be prepared to present Allen in court for burglary in New London on March 24.

Problems in School Consolidation

Acting School Visitor Foss Speaks Before Socialists—Points Out Questions to Be Settled When Districts Consolidate Here—Selectmen Must Announce Number on Committee Next Month.

The members of Norwich local, socialist party, heard an instructive and timely discourse on School Consolidation by Acting School Visitor Frank H. Foss Thursday evening in their meeting at the Standard building. Mr. Foss said in part:

There are under the present system in Norwich over 80 members of school boards and boards of trustees. The school here only one-third of the pupils come under the supervision of the town selectmen and school boards. The town, the Falls, West Chelsea, Greenville and Central districts being outside their jurisdiction.

Of the many questions which will arise as the result of the voting for consolidation by the town, the first will be the kind of school to be maintained. The selectmen are considering the question of the number of which the committee will be composed and how many representatives from each district.

The law provides for a committee of three, six, nine or twelve persons. At a recent meeting of the school boards of the town, it was decided that the committee should consist of an even number so that either six or twelve persons will probably be chosen. Letting which the selectmen have received from other towns adopting consolidation show that six is the usual number, a small committee greater efficiency may be attained.

Appropriations by Town Meeting. All appropriations under the consolidation system will be made at the town meeting, which will be held through the district meeting. The new committee will have all the powers which high school, town and district committees would have. Under the new system in a town the size of Norwich one superintendent of schools will be sufficient. In New Haven the size of the town requires an assistant superintendent in each of the six or seven districts.

The school committee will have to decide the division of districts and location of schools. It will be necessary to determine how the schools will be graded; whether they will be consolidated grammar school courses in each of the schools or whether it will be necessary to have the scholars go to another school to complete their common school education.

Grades Will Be Uniform. One great advantage over the present system is that the courses of study all over the town will be uniform. At present there are as many courses as there are schools. The high schools, the grammar schools, the kindergarten will come under the supervision of the committee. Many children have natural ability in drawing, music or other subjects, but as often parents cannot afford music or drawing lessons for their children.

The school committee will have to decide the division of districts and location of schools. It will be necessary to determine how the schools will be graded; whether they will be consolidated grammar school courses in each of the schools or whether it will be necessary to have the scholars go to another school to complete their common school education.
